

## Classifier Scoresheet

**Instructions:**

**String 1:** The shooter starts standing, holding a loaded muzzle loader with the muzzle pointed down range and the stock resting against the shooter's belt. Upon the start signal, the shooter will engage a target at 50 yards with two shots. The time and score will be recorded by the RO on the score sheet.

**String 2:** The shooter starts standing, holding a loaded muzzle loader with the muzzle pointed down range and the stock resting against the shooter's belt. Upon the start signal, the shooter will engage a target at 100 yards with two shots while kneeling. The time and score will be recorded by the RO on the score sheet.

**String 3:** The shooter starts standing, holding a loaded muzzle loader with the muzzle pointed down range and the stock resting against the shooter's belt. Upon the start signal, the shooter will engage a target at 150 yards with two shots while prone. The time and score will be recorded by the RO on the score sheet.

**Notes:**

- 1 Put an X in the corresponding box for a hit, a O for a miss.
- 2 Targets on all strings are worth 15 points each.
- 3 No makeup shots are allowed on any strings during the classifier.
- 4 Time and points will be recorded individually for each string.
- 5 Hit factor for each string is the total points for each string divided by the time,
- 6 Final classifier score is the sum of the hit factors for each string.

String	Target	Points	String	Target	Points	String	Target	Points
1	50 yd <input type="checkbox"/>	_____	2	100 yd <input type="checkbox"/>	_____	3	150 yd <input type="checkbox"/>	_____
	Time	_____		Time	_____		Time	_____
	Hit Factor	_____		Hit Factor	_____		Hit Factor	_____

**Classifier Score = Sum of Hit Factors for all 3 strings**
